Turn key boats made at the factory shipping is calculated from Cincinnati, Ohio. Shipping in Kit form is free to major cities with commercial address where adequate equipment and personnel are on hand to unload from the truck. Below is a video of how the boat arrives in Kit form

<https://youtu.be/lHoX1DhQ9wg>

If you purchase a trailer then it is delivered on the trailer.

Here is the 2017 NADA Guides value for the 23 as listed with engine and trailer equipment. Does not include transportation cost if we rig for you in Cincinnati. Most common is people have kit delivered free then have a local dealer complete, or pick up at the shop.
