Re: Model 560 Rigid Inflatable Boat

Mr. Allmand:

In May of last year, our agency purchased a Model 560 Rigid Inflatable Boat with a 90hp Yamaha 4-stroke outboard engine. This boat has been in-service over a year performing law enforcement, dive rescue and homeland security missions in our 425-acre lake. As you know, Stone Mountain Park is Georgia's largest park which has 4-5 million visitors annually.

Your boat has performed extremely well and been an asset to our agency. The speed of the boat has cut our response times to emergencies in half. The stability of the boat has made it very easy to deploy and recover divers and assist visitors that have overturned in their boats. It has also worked very well as a law enforcement patrol boat.

We have not encountered any problems with the boat or engine that we purchased from you. I just thought you should know how pleased we have been with the overall process from purchasing to delivery to our use of your boat.

Sincerely,

A handwritten signature in blue ink that reads "Chuck Kelley".

Chuck Kelley
Chief of Police & Fire
